AFTER ARREST SIX CONFESS PLOT TO DEFRAUD RAILROAD

Five Conductors Held

in Toledo.

TOLEDO, Ohio, May 21.-A conspir acy on the part of employes to rob the Toledo and Iidiana Railroad Company was unearthed this morning when six men, an assistant station agent and four conductors, were arrested in htis city. The arrests were made by Detective H. A. Fishleigh, and two assistants. The employees have confessed. The men arrested are L. M. Fisher, employed as assistant station agent at Delta; Walter S. Bush, Harry Guthrle, E. L. McCormick. J. J. Jones, and L. Smith, all conductors.

The conductors were arrested quietly as they arrived here upon their respective runs. Secrecy was maintained for the reason that teh Toledo and Indiana Railroad officials and detectives Figueroa's camp, where he was a priswished to prevent any information being spread along the lineto warn other employes they suspected. All six men were taken to the offices of King and Tracy, attorneys for the railroad company, where the officers say the confessions were taken down.

The operations of these men and others employed on the road, some of whom, it is expected, will be arrested later, are said to involve several thous-and dollars. Their aleged confessions are said to have implicated several busi-ness and professional men of Delta,

ness and professional men of Delta, whose arrests the company's attorneys state will follow.

The principal method of operation, road officials say, consisted of the alleged falling of conductors to cancel tickets, which, it is said, they returned to Fisher, who, as assistant agent, it is charged, re-sold them.

The detectives further allege that many of the tickets were sold to bustness men of Delta at half rate. "The business and professional men of Delta who bought tickets from the conductors and Fisher at half rate are open to prosecution under the law as accomplices," said Attorney Tom Tracy this noon.

noon.
"We have evidence against two prominent professional men, and they will be arrested."

her son's death.

Lieutenant Drees was found dead in his room at 116 Second street southeast. He had fixed a tube to the only gas jet in the room, and with his head swathed in the folds of a blanket to confine the fumes, had lain down to die.

As soon as Coroner Nevitt had completed his investigation, Captain Machamara, of the Marine Corps, a brother officer, took charge of the body.

Although no definite arrangements for the funeral have been made, it is thought the lieutenant will be buried in Carroll, Iowa, his birthplace.

> WASHINGTON TIMES BUREAU. ALEXANDRIA, VA., MAY 21.

Following on the heels of their recent banquet, on which occasion the project to have the city take over their armory and make much-needed improvements was broached, the Alexandria Light Infantry, at the meeting of the city council next Tuesday night, will bring the matter to that body's attention officially.

It is understood that the company will ask for an appropriation of \$5,000 from the city for the improvements, and in return will vest the title to the armory

Of course, the matter will not be acted upon by the council at once, it being necessary, under the laws, that the matter first be referred to appropriate committees. The joint committee on finance and general laws will probably be assigned to act upon this matter.

The tax ordinances will come up before the lower body on the same night, and the indications are that it will be passed without debate. The matter has been hanging fire for months, the two bodies disagreeing on an appropriate rate. After a rate had been finally agreed upon, discrepancies in the bill as drawn up were discovered, necessitating that the matter be taken up again. At the last meeting a joint conference committee was appointed to take up the mittee was appointed to take up the matter, and after considerable discussion the rate of \$1.80 on the \$100, with discounts for prompt payment of 2 and 4 per cent, was agreed upon and passed by the Board of Aldermen.

Considerable excitement was caused Considerable excitement was caused on Upper Duke street late yesterday afternoon by John Blackburn, colored, who threw the furniture belonging to Lizzie Means out in the street, proceeding to make a huge bonfire of it, following an altercation in which he assaulted the woman. A call was sent for the police, and Chief Goods and Officer Nicholson succeeded in subduing the man after nightsticks had been brought into play. The man was carried to the station, and his case will be heard in police court tomorrow.

Constable A. J. Payne, of Fairfax county, yesterday arrested Peter Proctor a negro, who appears to be a much-wanted man. He was arrested on the specific charge of robbing the home of his uncle, William Proctor, of \$7 in money, a revolver, a watch and a razor. He was brought to Alexandria and lodged in the station-house. He will be removed to Mt. Vernon tomorrow, where his case will be heard by Justice Wright.

The company's quarters, on South Royal street, are almost all that could be desired, as far as a drill hall is concerned, but Capt. Frank L. Slaymaker feels that the erection of a second floor, with the construction of a gymnasium, bowling alleys, and improved lockers, would act as a strong inducement for recruits, at the same time sustaining the interest of the members of the company, rendering their re-enlistment at the expiration of their term of service more probable.
